Re: CC Docket No. 94-102

Dear Ms. Austrie:

Harvey Leong, by his attorney, hereby responds to a December 27, 2000, letter from the Chief of the Wireless Telecommunications Bureau regarding Enhanced 911 ("E911") Phase II implementation.

Mr. Leong holds a license to construct and operate a broadband PCS system on the D block in BTA208, Ithaca, New York (Call Sign KNLF918). Construction of the system has not yet been completed and operations under the license have not yet commenced. Consequently, consistent with advice of Wireless Telecommunications Bureau staff, no E911 Phase II Carrier Implementation Report is required to be submitted at this time.

Should there be any questions regarding this matter, please contact me.

Sincerely,

E. Ashton Johnston
